From the Pastor

What a joy it is to be your pastor. I have watched the church be the church over the past few months. You guys have taken the series, "This Is Us," and you have invited and reached out to so many. Our last connections class was the largest we have ever had. June has the potential to be another great month. Keep it up church. Keep Loving God, Loving People, and that's it.

I want to encourage you to become a part of the 5 for 5 to finish challenge. I'm asking you to give above your tithe \$5 dollars a week for 5 months in order to finish our painting and carpet project. We have been averaging over 550 in worship over the past few months. A little goes a long way. I believe adults and kids will be able to participate in this challenge. We have set a goal of 50,000 dollars over 5 months.

If you see some of our new members located here make sure you welcome them into the family.

Bro. Matt
