Elevate Your Strength

John 3:30 (ESV)

We need to focus on the things that we are good at so that God will be able to use those things to bring Him glory.

Life has a way of really getting you down. It never asks when a good time is to get you down. It just shows up like an uninvited guest.

1. Hard Times Lead To Hard Looks

When your life is hanging on by a thread, it will cause you to take a hard look.

2. Desperation Leads To Declaration

In our desperate moments, God is closer then than he has ever been.

Remember, you are the reason you got into the mess in the first place.

Jesus' resurrection means no situation is hopeless and no problem is too difficult.

3. Relying On God Leads to Rescue

Notice how God reacted when the people of God quit elevating their own strengths and began to elevate Him as their strength.

He Did Rescue - He Will Rescue - He Will Continue to Rescue - They Will Give Thanks - God Has Answered

The harder we fight, the closer to desperation we become.

His ways are not only higher, but they are so much more efficient. Stop relying on your strengths, trust in His gifts and resources and He will rescue you.
