New Year... Look In The Mirror

Ps 139

1. God watches closely over the details of your life.

David said that God had “searched” him, which means to see through.

It is futile to think that any thought or action is hidden from God.

The term “too wonderful” means beyond understanding.

2. God carefully made you exactly how He wanted you.

The term “fearfully made” means to inspire reverence and cause astonishment.

The term “skillfully made” means to embroider or do needlework.

Be confident in whom God created you to be.

God has only given you a certain amount of time on earth, so don't waste it.

3. God continuously thinks about how valuable you are to Him.

The word “precious” means valuable.

The thoughts of God directed toward you cannot be numbered.
