

EAST to WEST Session 1

Psalm 103:1-7 (NIV84)

We often need a good reminder of what God has done for us.
– AMEN

1. Don't miss God's forgiveness by taking His patience with sinners for granted.

But thankfully, God has made a way to settle the "case" He has against our sinfulness.

2. Don't miss God's forgiveness by thinking you've gone too far in your past sins.

Your past sins can never accumulate so high, nor will you ever sink so low that God cannot wash you clean. (vs.11)

God chooses not to see our past sin anymore, and so should you if you have truly repented.

3. Don't miss God's forgiveness by troubling yourself about potential slip-ups in the future.

Life is less productive when you try to live for the Lord on your own.

Life is more difficult when you try to live for the Lord on your own.

Life can be cold when you try to live for the Lord on your own.

You are most vulnerable to the Enemy when you try to live for the Lord on your own.
