

Bro. Matt

Look Up Worship- Marks Madness

Mark 14:1-7

Does your worship cost you anything?

He came with the one purpose to make his Father known through his death, burial, and resurrection.

The leaders are trying to kill him, one of his own is trying to betray him and right in the middle of these two things, Jesus shows us the cost of worship.

Find A Place of Worship

One commentator wrote the fragrance of the expensive perfume may have stayed with Jesus all the way to the cross.

Find The Person Of Worship

What if she had waited till later to do this? What if worshiping right then wasn't a priority? (Mary)

Find The Purpose of Worship

The word for "indignant" means: *to feel a violent physical irritation*.

When you have a purpose it doesn't matter what anyone else says or thinks.... As long as you know, that's all that matters.

Find The Promise of Worship

Jesus accepted genuine worship, and with that comes the promise of accepting the heart of worship.

We must look up in worship before we can ever look out.
