

Unlocking the Door John 20:19 (NIV84)

We are fearful that someone might penetrate our safe places, our information, and our lives.

1. Locked In Panic (19)

While he was with them, they felt ready, confident, and willing to carry out the Lord's commands. But that all changed when His death came.

2. Loved In Presence (19b)

He could have rebuked them for their unfaithfulness and cowardice the previous weekend, but He did not He says, "Peace be with you."

Apart from a relationship with Jesus, there is no such thing as real, genuine peace.

When there is true peace, it brings about freedom like no other.

3. Liberated In Pursuit (20)

One of the greatest moments in a believer's heart is when we are able to turn Panic into Praise.

If we never make it out of a panicked state, we can never be liberated to be in pursuit of those who have no peace and no hope.

Hopeful people bring hope to a helpless world through Jesus Christ.
