

## Unlocking the Church Acts 2:42-47

A church that isn't impacting its community, isn't a church it's just a bunch of people dressing up and having a holy huddle.

The church, the one that Jesus died for, was put in place so that His glory and story would reach the ends of the earth.

One of the most misconceived thoughts of the church is that "we can't do that," or the best one is "we ain't never done it that way."

### 1. Consistent in Spiritual Disciplines

The culture we are living in wants all the blessings, without exerting any energy.

Disciplining yourself spiritually will only enhance your relationship and fellowship with the Lord.

Their Christian faith was a day-to-day reality, not a once-a-week routine.

### 2. Persistent In Making More Disciples

The early church did more than make converts; they also made disciples.

### 3. Insistent That Discipleship is For Everyone
