

Bro. Matt

We Are The Family-Kids Day Matthew 18:1-6 (NIV84)

The Disciples went into “fix it” mode. They wanted to have everything in order so that when all this happened, they would be ready.

1. We Should Take Some Pointers From Children

They could not see the bigger picture because they were focused on themselves.

Jesus wanted the disciples to take a few pointers from a child. Children sometimes have a way of humbling us.

2. To Welcome them is to Welcome Jesus

Jesus didn't ignore them. Jesus wasn't too busy for them. He said whoever welcomes a little child in My name welcomes Me.

3. It Really Is Up to Us

Children are such a blessing; they are truly a gift from God.... I can hear some of you now, “You must not know my kid.”

The reward does come with responsibility though. God doesn't suggest this responsibility, but he commands us.

This is the biggest single responsibility we have as parents. Nothing is more important.

Nothing else matters if we fail in this one thing, to teach our kids to know and love the lord Jesus Christ.
